

The Best Solution for ethanol problems

Industry Tests Prove ValvTect Outperforms the Competition!

Most fuel additives make outrageous claims not supported by engine manufacturers or industry test methods. Some are simply ineffective and some could actually damage an engine. ValvTect claims are verified and documented. Is your fuel additive?

VALVTECT ETHANOL GASOLINE TREATMENT		
PRODUCT CLAIM	ACTUAL RESULTS	TEST METHOD
STABILIZES FUEL	UP TO ONE YEAR	ASTM D525
