

Find ValvTect Fuels at Cooperating Marinas

Members can now go to BoatUS.com/marinas to find locations where [ValvTect Marine](#) fuels are sold at BoatUS Cooperating Marinas. Just look for the ValvTect marina logo on the marinas webpage.

ValvTect selects only the best marinas to sell its specially formulated marine fuels, including ValvTect Marine Gasoline that is designed to help reduce ethanol-related problems and ValvTect Marine Diesel with BioGuard. All ValvTect marinas must meet stringent cleanliness, safety and environmental guidelines for boat fueling facilities, as well as have their fuel storage tanks tested for water, bacteria and other contamination up to twice a year.

The [BoatUS Cooperating Marina program](#) offers Members up to ten cents off a gallon of ValvTect fuel at selected locations - make sure you check BoatUS.com/marinas before you go.
